

—Principle Five—

The Bible affirms economic freedom, including the exchange of what one owns for something else. This implies benefit for both the buyer and the seller. (See Genesis 23;

Matt. 13:44–46; 20:1–16; 24:45–51; 25:14–30; Mark 12:1–9; Luke 10:25–37.)
