WHAT WE BELIEVE

- *Pre-born human beings are human beings designed with purpose and are deserving of life.*
- *Abortion is murder.*
- *Women are capable and strong enough to choose life for their babies.*
- *The Gospel of Jesus Christ is crucial to the fight against abortion.*

CHANGING PUBLIC OPINION

We work to shed light on what abortion actually is and what it does to tiny humans in the womb. Through our active social media pages, viral videos, and media attention, we educate the public and encourage people to boldly speak out about the human rights violation of our time, even though it is considered politically incorrect to do so. We create professional anti-abortion media and encourage everyone to use our materials to further the cause.
