It is always wrong to support any form of abortion, including to win elections.

Of course it is. But it's also wrong for little girls to get wrapped and strangled, they die too. It's wrong for Israel to be abandoned, people die when that happens. It's wrong when American cities are war zones of crime.

I can't even answer this because of how the question is phrased. By voting for the better of two options, I'm not actively trying to support abortion. I'm trying to get rid of the guy who wants an even worse version of it
